

DECISION ADVANTAGE FOR MISSION-CRITICAL ORGANIZATIONS

Decision advantage for leaders who cannot afford slow, shallow, or generic analysis.

NEXTGEN ADVISORS LLC blends mission fluency, analytic rigor, and AI-enabled delivery to move teams from fragmented information to defensible action.

Veteran-led · SDVOSB · V3 Certified · UEI DT83RDNQEKX7 · CAGE 9NNM8

01 Consulting & Decision Support

Decision-quality analysis, problem framing, ORSA, change, program management, and trusted execution.

03 OpenWarn.ai

OSINT-to-warning pipelines, indicator/scenario workbench, tradecraft-first copilot, and governed warning workflows.

02 Decision Studio

Structured data to leadership-ready visuals, profiles, and advisory guidance with free, Pro, and mission deployment paths.

04 Doctrine Doctor

Doctrine-grounded knowledge graph intelligence that aligns analysis with authoritative guidance and tradecraft.

Four offerings. One decision-advantage operating model.

Consulting + software + warning + doctrine intelligence packaged for serious buyers.

Engage: Rapid Assessment → Focused Pilot → Mission Deployment → Embedded Support
